

1. Paris Agreement and NDC: impact on REDD+ implementation?

2. REDD+ : Article 5 or 6?

3. EU ETS: any relation to REDD+ ?

- **Transparency and Ambition**
- **Whatever works: a combination of funding sources, public, private, carbon, commodities, other PES, domestic, international...**
- **"Cap and trade" depends on "legal caps" + "market dynamics": price, access, quality (but not before 2030...)**
